Dear Friends:

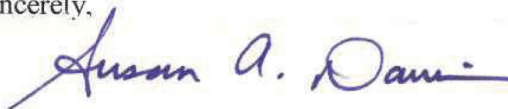

It is a pleasure to have the opportunity to greet you as All Green Electronics Recycling, The Green Expo, and the rest of our community come together for "It's A Green Day," which promises to be a successful festival. I regret that I will be unable to enjoy this event with you.

I commend the outstanding work that these companies have done in trying to make our community more environmentally aware. As a member of Congress, I am pleased to support events such as "It's A Green Day." Please know that your efforts are continuously making a difference and are appreciated in our community.

I understand that this year's festival coincides with Purple Heart Day and that you will be honoring our service members who have received the Purple Heart. I join you in honoring these brave men and women and thanking them for their selfless service to our nation.

I extend my best wishes to you. I hope you have a very enjoyable event and many continued successes in the years to come.

Sincerely,

SUSAN A. DAVIS
